FOREWORD

We, the members of the Class of 1964, have within, attempted to reconstruct as a remembrance, a brief account of past four years at Delaware Valley College. These years have been filled with trial and error, sadness and joy, and failure and success. Please join us now as we recapture these cherished moments.

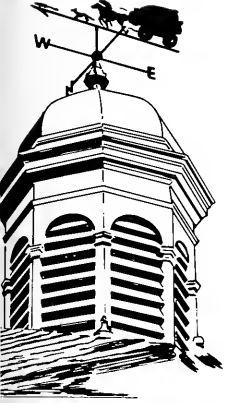

The beginning was filled with amazement, curiosity, and wonderment. As we progressed through these four years we began to realize these amazements, and satisfy our curiosity and wonder. These years of learning have made us all better men, with the ability to know, think, and understand. This ability was realized through the undying generosity and understanding of many individuals.

An attempt to acknowledge all those who made it possible for us to attain this satisfaction would be impossible. However, we would like to express our appreciation to all of these individuals. You will never be forgotten, but will remain deep in our hearts forever.

DR. JAMES WORK
President

DELAWARE VALLEY COLLEGE OF SCIENCE AND AGRICULTURE
DUYLESTOWN, PENNSYLVANIA

JAMES WORK
PRESIDENT

TO THE MEMBERS OF THE CLASS OF 1964:

Events of great significance in the progress of the College have been mentioned in every message which I have written for the Yearbook since 1950, the year of our first College commencement.

This year is no exception, and this year I would speak of the outstanding attainments of those who preceded you and of you, the members of the Class of 1964.

You have made a record unequalled by students of any other college in that every man who took the examination to qualify for officer training in the United States Air Force passed this examination. Your scholarship and your outstanding traits of citizenship are unexcelled, even by your immediate predecessors, who are now rendering such noteworthy service in the Peace Corps and The International Voluntary Services, and are building a rich tradition I am sure you will maintain.

I wish you all every success, and look forward to your support of your Alma Mater.

TRACK

Last year the Track squad turned in one of its most impressive records ever. In achieving a 4-2-1 record, the team tied P.M.C. and beat Albright College for the first time in the history of the college. The team was undefeated in Middle Atlantic competition which should help in the acquisition of M.A.C. standings.

Even greater things are expected this year with the return of Co-Captains Dave Heebner, Dick Carroll, and Denny Hunter. Also returning will be Tom Oswald, Chris Hoffman, and Bob Pras. Underclassmen returning include Lou Coppens, Bill Cottrell, Jim Murphy, and Gary Shisler.

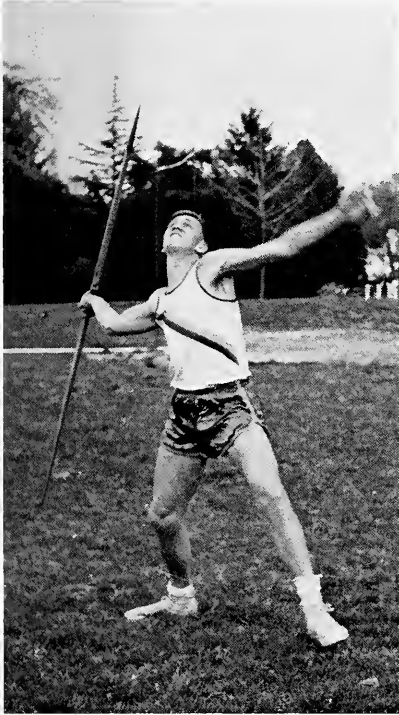

Another first for Dick.

BASEBALL

The 1963 Baseball team wound up the season with a 9-1 record, bowing only to Lincoln University in regular season play. This enabled them to win their second straight Delaware Valley Conference Championship. The team entered the NAIA Tournament as a representative of District 30.

The team had an overall batting average of .338 which ranked them second in the final national standings of the NAIA. Returning from last year's squad are Captain Don Goss, Jerry Gall, Darwin Boyd, Earl Howett, Don Day, and pitcher Tom Shive. Coach Chiodi is looking for another Conference Championship and a trip to the NAIA playoffs.

With the greatest possible appreciation, the class of 1964
Dedicates this book to those who moved our boat from shore,
And guided it over the rapids of our frustration
While steering the cargo of knowledge to our destination.

As we gaze toward the horizon, our port is in view
And with a sad note, Delaware Valley, we say "adieu."
Our journey is nearly over, from the campus we will part,
But those who have launched us, will remain within our hearts.
